Labor warns of backlash from OFW deployment ban

By Joni K. Delacruz

LABOR GROUPS WELCOMED the government's decision to ban the deployment of overseas Filipino workers (OFWs) to the Philippines, but warned of a backlash from the OFW community.

OFWs in the Philippines.

Philippine Overseas Domestic Workers' Union (PDWU) president, Dr. Joni K. Delacruz, said that although the government's decision is a step in the right direction, it is not enough to address the root causes of the OFW problem.

He proposed that the government should focus on improving the working conditions of OFWs in the Philippines, rather than just banning their deployment.

DECONGESTING AIRPORT

Naia taxiway extension in the works

By Tim B. Brown

THE NAIA'S \$200-million expansion program is set to include a major taxiway extension at the airport, which will help decongest the tarmac and improve the flow of aircraft. The extension, which will be about 1,000 feet long, will be built along the existing taxiway and will provide a new route for aircraft to taxi to and from the runways. The extension is expected to be completed by 2015.

Next steps

The next steps in the expansion program are to complete the design of the taxiway extension and to start construction. The airport authority is currently in the process of finalizing the design and is expected to start construction in the next few months. The extension is expected to be completed by 2015.

Timeline

The timeline for the expansion program is as follows: Design completion: 2012; Construction start: 2013; Construction completion: 2015.

21 Pinoys seized by Somali pirates

Manila, Philippines (AP) — A ship carrying 21 Filipino fishermen was seized by Somali pirates off the coast of Somalia, according to a report from the United Nations. The ship, the M/V *Seabreeze*, was carrying 21 Filipino fishermen and was seized by Somali pirates on Monday. The pirates demanded a ransom of \$2 million for the release of the ship and its crew. The United Nations has urged the Philippines to pay the ransom to secure the release of the ship and its crew.

Legacy of conflict

Even if the armed forces are to be disbanded, the legacy of conflict will not disappear overnight. The country will still be a land of conflict, but the nature of the conflict will change.

EDITORIAL

The armed forces have been a major factor in the country's development. They have protected the country from external threats and internal strife. They have also been a major employer and a major source of income for many Filipinos.

But the armed forces have also been a major source of corruption and abuse. They have been involved in human rights violations and have been a major factor in the country's economic decline.

The armed forces have also been a major factor in the country's political instability. They have been involved in numerous coups and have been a major factor in the country's lack of democratic development.

The armed forces have also been a major factor in the country's social inequality. They have been a major employer and a major source of income for many Filipinos, but they have also been a major factor in the country's social inequality.

The armed forces have also been a major factor in the country's environmental degradation. They have been involved in numerous deforestation and land reclamation projects, which have led to the destruction of the country's natural resources.

The armed forces have also been a major factor in the country's health care system. They have been a major employer and a major source of income for many Filipinos, but they have also been a major factor in the country's health care system.

Seminars for drivers

THE NEW YORK STATE DEPARTMENT OF TRANSPORTATION (DOT) HAS ANNOUNCED A SERIES OF SEMINARS FOR DRIVERS OF COMMERCIAL VEHICLES. THE SEMINARS WILL BE HELD IN ALBANY, BINGHAMTON, ELIZABETH, NEW YORK CITY, AND ROCHESTER. THE SEMINARS WILL COVER A WIDE RANGE OF TOPICS, INCLUDING DEFENSIVE DRIVING, TRUCK SAFETY, AND THE LATEST REGULATIONS. THE SEMINARS ARE FREE OF CHARGE, BUT A FEE WILL BE CHARGED FOR THE LUNCH BREAK. THE SEMINARS WILL BE HELD ON NOVEMBER 12, 13, 14, 15, AND 16. FOR MORE INFORMATION, CALL (518) 402-2200.

LETTERS

TO THE EDITOR: I AM WRITING TO YOU TO EXPRESS MY CONCERN ABOUT THE RECENT INCREASE IN THE PRICE OF GASOLINE. THE PRICE OF GASOLINE HAS INCREASED BY MORE THAN 50 PERCENT SINCE THE BEGINNING OF THE YEAR. THIS IS A HUGE INCREASE, AND IT IS MAKING IT DIFFICULT FOR MANY OF US TO AFFORD TO DRIVE OUR CARS. I HOPE THAT YOU WILL DO SOMETHING TO HELP US OUT.

Cops bust Marcos rights victims' syndicate

Manila, Philippines (AP) — Philippine police have arrested 10 people, including a former human rights activist, in a crackdown on a syndicate that was accused of helping former President Ferdinand Marcos and his family evade justice for human rights abuses.

The police said the syndicate, known as the "Marcos Rights Victims' Syndicate," was formed by a group of people who were allegedly helping the Marcos family to hide their assets and avoid prosecution for the human rights abuses committed during their 21-year rule.

Syria accepts Arab League plan for talks

BEIRUT, Nov. 10 (AP) — Syria's foreign minister said Sunday that his country has accepted the Arab League's plan for a ceasefire and talks with the opposition. The plan, which was adopted by the Arab League's 22 member states, calls for a ceasefire and the formation of a national unity government. Syria's acceptance of the plan is seen as a significant step towards resolving the conflict in the country.

After damage with a short turnaround for store jobs

NEW YORK (AP) — Retailers are scrambling to find ways to make up for the damage to their sales during the Thanksgiving weekend. Many stores are offering discounts and promotions to attract shoppers. However, some retailers are reporting a decline in sales compared to previous years, leading to concerns about the health of the retail sector.

Disaster: No uncontrolled reaction at Fukushima

TEHRAN (AP) — Iranian officials said Sunday that there was no uncontrolled reaction at the Fukushima nuclear power plant in Japan. The officials stated that the situation at the plant is under control and that there is no risk of a major disaster. This statement comes in the wake of reports of a small leak of radioactive material from the plant.

Ind overseas accuses Taiwan of spying

NEW DELHI (AP) — India's foreign minister said Sunday that his country has accused Taiwan of spying. The minister stated that India has evidence that Taiwan is conducting espionage activities in India. This accusation is part of a long-standing rivalry between India and Taiwan, which is a major ally of the United States.

PHILIPPINE AZKALS' DEFENSE BREAKS DOWN AGAINST VIETNAM'S STRONG ATTACK.

MANILA (AP) — The Philippine Azkals' defense broke down again as Vietnam's strong attack overwhelmed them in a 3-0 victory at the 36th Southeast Asian Games here today.

The Azkals' defense was shaky from the start, with Vietnam's forward line finding the back of the net three times in the first half. The Azkals' goalkeeper, who had been solid in previous matches, was unable to make any saves in this game.

The Thai superstar radiates charisma when he stands with his feet and his groin

...the Thai superstar radiates charisma when he stands with his feet and his groin. The man is standing with his feet and his groin, and he is smiling. The woman is standing next to him, and she is also smiling. They are both looking towards the camera. The man is wearing a light-colored, short-sleeved button-down shirt. The woman is wearing a light-colored top. They are both smiling and looking towards the camera.

The diagram illustrates the experimental setup for measuring the time delay of a single electron. It consists of several key components and their interconnections:

- Cathode:** The source of electrons, connected to a **High Voltage** source.
- Drift Region:** A tube containing a central wire, where the electron travels. It is connected to a **Drift Voltage** source.
- Detector:** A multi-channel analyzer that detects the electron's arrival. It is connected to a **Readout System**.
- Readout System:** A computer that processes the data from the detector.
- Timing System:** A **Time-to-Digital Converter (TDC)** that measures the time delay between the electron's emission and its detection.
- Control System:** A **Control Unit** that manages the high voltage and drift voltage sources.

The diagram also shows the flow of data and control signals between these components, with labels for various inputs and outputs.

Figure 1 consists of ten maps arranged in a 2x5 grid. The top row shows the distribution of species 1 through 5, and the bottom row shows species 6 through 10. Each map displays the geographical distribution of a specific species across the study area, with a legend indicating the species name and its distribution pattern.

Figure 1 consists of two scatter plots, (a) and (b), showing the relationship between the number of children (X-axis) and the number of children who are not in school (Y-axis). Plot (a) shows a positive correlation, while plot (b) shows a negative correlation.

The diagram illustrates the experimental setup. A subject is seated at a table, looking at a video screen. A camera is positioned above the screen. A target is placed on the table. A horizontal arrow indicates the movement of the hand from the starting position to the target. A vertical arrow indicates the movement of the hand from the starting position to the video screen. A horizontal arrow indicates the movement of the hand from the video screen to the target. A vertical arrow indicates the movement of the hand from the video screen to the target.
